Customer information

Directive 2011/65/EU of 08 June 2011 sets out provisions to restrict the use of hazardous substances in electrical and electronic equipment (= Directive on the Restriction of the use of certain Hazardous Substances in electrical and electronic equipment – RoHS). According to Annex II, the following substances which are subject to the restrictions set out in Article 4 Para. 1 must not exceed the maximum concentrations tolerated (by weight):

- Lead (0.1%),
- Mercury (0.1%),
- Cadmium (0.01%),
- Hexavalent chromium (0.1%),
- Polybrominated biphenyls (PBB) (0.1%),
- Polybrominated diphenyl ethers (PBDEs) (0.1%).

The primary purpose of Directive 2012/19/EC of 04.07.2012 is the prevention of waste electrical and electronic equipment and the re-use, recycling and other forms of recovery of such waste so as to reduce the disposal of waste. It also seeks to improve the environmental performance of all operators involved and implement the restrictions as set out in Directive 2011/65/EU in the meaning of the European Community.

We confirm that all of the powder coatings produced by CWS Powder Coatings GmbH correspond to the limit values as set out in Directive 2011/65/EU.
